**Our online store is ready!**

Acorn Veterinary Clinic is pleased to announce the opening of our online food store, offering the same foods we carry in the clinic but with a more convenient method of delivery. Acorn will continue to offer limited food supplies in-clinic for your convenience, however, pre-orders will be required for in-clinic delivery.

We have partnered with Vetsource to offer you this convenient service. This partnership means we can continue to supply you with quality food products sourced directly from the manufacturer shipped to your home.

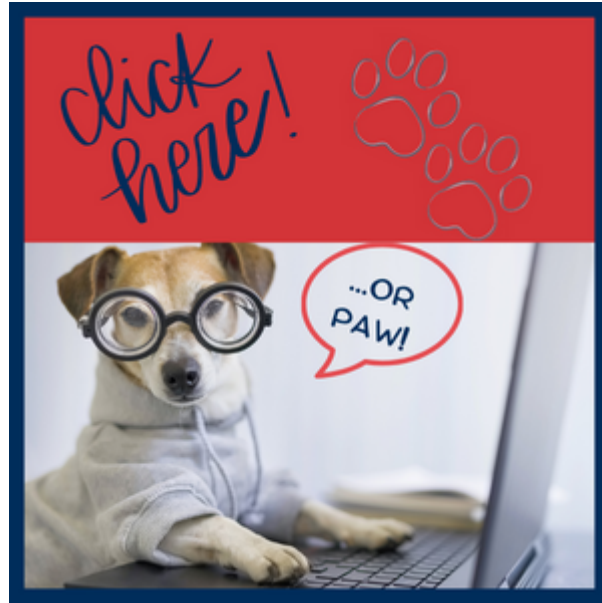

**Benefits of shopping through the online store include:**

- Special savings – Take advantage of promotions on food through the online store.
- Scheduled automatic shipments – Schedule regular delivery of your pet’s food so you will never need to worry about running out. You can change or cancel the shipments at any time.
